### Welcome to your interactive Plan of Study (iPOS)!

This interactive tool will soon be your new best friend, as it will help you navigate and plan all your program requirements, as well as track your progress through coursework and milestones.

Here's how to get started:

1. First, consult with your program advisor as soon as possible, for guidance on those requirements, and ask for a copy of your program handbook if you haven't yet received one. Your handbook will provide a ready reference for all program requirements.
2. Then, fill in your iPOS with the requirements you and your advisor agreed on.
3. Submit!

Once you submit your iPOS, the system will alert you to any errors, or prompt you with a petition if you are making a request that is outside of standard graduate policy. Then it will be reviewed by your academic program, and sent on to the [Graduate College](#) for final review.

Please watch this short video:

One last but supremely important note:

All graduate students are required to read the [ASU Graduate College policy manual](#) and be familiar with graduate policy, as well as act with honesty and [academic integrity](#) when carrying out all academic assignments.

☒ By selecting this box, I am confirming that I have informed this student of their responsibility to read and understand Graduate College policy.
